PROFESSIONAL SUMMARY

Python/Django developer with experience in backend systems, REST APIs, and database-driven web applications. Focused on clean, testable code and real-world software development practices.

EDUCATION

Siddhanath Science Campus, Tribhuvan University

Bachelor in Computer Science and Information Technology (BSc.CSIT)

TECHNICAL SKILLS

- | | |
|---|---|
| — Languages — Python, JavaScript, SQL | — Tools — Git, GitHub, PyCharm, vs code |
| — Frameworks — Django, Django REST Framework | — Platform — Windows, Web |
| — Databases — PostgreSQL, SQLite, Sql Server | — Soft Skills — Problem Solving, Teamwork, Communication |
| — Web Technologies — HTML, CSS | — Others — REST API, CRUD, JSON |

EXPERIENCE

Bheemdatta Municipality Kanchanpur

Dec 2025 - Feb 2026

Information Technology Internship

- Provided technical support and resolved basic system and network issues.
- Worked with web-based government systems such as LGPAS and BPIS.
- Performed data entry and managed administrative data using SUTRA Modules.
- Assisted in software setup and day-to-day IT operations.
- Gained hands-on experience in a real world IT environment.

PROJECTS

- **Social Blog:** Developed a blogging platform where users can create accounts, publish posts, and interact with content through likes and comments, along with a dynamic feed and user profile system.
- **Weather App:** Developed a web application that provides real-time weather information based on user input city, displaying temperature, humidity, and weather conditions using live API data.
- **Personal Portfolio:** Developed a personal portfolio website to showcase skills, projects, and personal information, with a dynamic admin panel for content management and a contact form that stores user messages in a database.

ACHIEVEMENTS

- Built multiple web applications with real-world functionality.
- Experience in back-end development, database handling, and API integration.
- Understanding of authentication and CRUD operations.
- Ability to design and develop responsive web applications.
